

Dear Patient of Woodland Medical Center Home Health:

We are writing to let you know that the Woodland Medical Center Home Health agency will be closing effective as of July 15, 2009. **After July 15, 2009, the home health agency will cease operations and no longer be able to provide treatment to patients.**

Cullman Regional Medical Center will purchase Woodland Medical Center Home Health on July 15, 2009. After Cullman Regional Medical Center purchases the home health agency, it intends to cease operations.

If you will need home health services after July 15, 2009, you will need to go to another home health agency. We have listed below other home health agencies in the Cullman area that you can contact for services.

Woodland Medical Center Home Health agency has no preference of alternative home health agencies. **You are free to choose any of the home health agencies listed below.**
