

Psychiatric Services / Woodland Hills Behavioral Health

With the closure of Woodland Hills Behavioral Health on July 15, CRMC is prepared to take all patients who come to their ER with behavioral health needs. CRMC will stabilize those patients and, if necessary, make arrangements to have them transferred to a designated behavioral health facility in the area.

CRMC is exploring all options to reinstate the delivery of adult inpatient psychiatric services in Cullman County.

For your convenience, some other referral options are:

1. Hartselle Geropsych continues to provide inpatient services for geriatric patients at the Hartselle location. Call 256/751-3033 for additional information.
2. Hartselle Behavioral Health Clinic is now open, serving patients age 18 and older with outpatient mental health services. Call 256/751-3000 (ext. 598) for additional information.
